

LIGHTING DESIGN CONSULTANT

UNDERWOOD

The Homepoint Centre is an exciting business involved in selection and design for the builder/renovator market.

Do you have a flair for design, strong sales skills or knowledge of the residential building industry, then this role could be for you.

A position for an additional full time consultant is available due to the business' recent growth.

The position requires the successful applicant to advise and sell clients on all aspects of their new home/or renovation's lighting electrical and plumbing selection.

If this position sounds like it's right for you, then send a brief resume and cover letter now. For a confidential discussion contact Tony Masinello during business hours on 0437 446 876.
