### Upgraded features on Caroma Cube & Leda urinals

Caroma Cube 0.8L Series II and Leda Series II Electronic Urinals now have the upgraded feature of an additional water saving mode for increased flexibility. The urinals use Smart Demand 'Urine Sensing' technology with an integrated smart logic system which detects usage and activates the flush mode accordingly.

- 'Stadium' mode adjusts flush automatically in high use periods. The unit will flush at timed intervals instead of after every use. The urinal automatically reverts to normal usage at non peak periods.
- NEW 'Smart Flush' water saving mode minimises water usage. During normal usage frequency, the unit will flush after every use. If a higher usage frequency is detected, the unit will flush once after the second use, after which the unit will not flush again for a period of time. The unit will then revert to normal mode and continue to monitor usage.

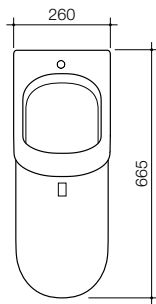

The controller in the Rough-In Kit has also been upgraded and now includes a push button pad for configuring settings. This means quicker, easier and more accurate installation and maintenance.

Due to these upgraded features, ordering codes have now changed. Caroma will be discontinuing the existing range with the new version available for order effective 31st March 2016.

CAROMA SERIES II ELECTRONIC URINAL OPTIONS	NEW CODE	OLD CODE
CUBE 0.8L SERIES II URINAL ELECTRONIC FIT-OUT KIT	678800W	687663W
LEDA SERIES II URINAL ELECTRONIC FIT-OUT KIT	678900W	678235W
ELECTRONIC URINAL ROUGH IN KIT	678803	678661
OPTIONAL FLUSHVALVE COVER PLATE SERIES II	678811	687283
URINAL SENSOR KIT SERIES II (SPARE PARTS)	678816	678662
SOLENOID VALVE SERIES II (SPARE PARTS)	678805	687282
POWER SUPPLY SERIES II (SPARE PARTS)	678806	687284
CONTROLLER SERIES II (SPARE PARTS)	678807	687284

## Cube 0.8L Electronic Urinal - Series II

COMING SOON | Available April 2016

**Pallet Qty: 12 units**

- WELS 6 star rated, 0.8L per flush
- Wall hung VC urinal with electronic flushvalve
- Smart Demand 'Urine Sensing' technology detects usage and activates the flush mode accordingly
- Back inlet
- Rough in Kit contains the flushvalve and other inwall electronic components
- Fit out Kit contains the urinal vandal resistant kit and sensor
- Sensor to be attached by the installer
- P trap only

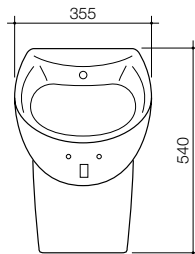

Code	Options	C	RRP Ex. GST	RRP Inc. GST
678803	Rough in Kit - Series II	N/A	1896.36	2086.00
678800W	Fit out Kit - Series II	W	1307.27	1438.00

**Optional Extras**

Product Name	Options	RRP Ex. GST	RRP Inc. GST
Optional flushvalve cover plate - Series II	678811	326.36	359.00

## Leda Electronic Urinal - Series II

COMING SOON | Available April 2016

**Pallet Qty: 12 units**

- WELS 3 star rated, 1.8L per flush
- Wall hung VC urinal with electronic flushvalve
- Smart Demand 'Urine Sensing' technology detects usage and activates the flush mode accordingly
- Back inlet
- Rough in Kit contains the flushvalve and other inwall electronic components
- Fit out Kit contains the urinal vandal resistant kit and sensor
- Sensor to be attached by the installer
- P trap only
